Dr. Wiley Says Underfed Will Attack Wealth

WASHINGTON, Feb. 13.—Dr. Wiley, the government pure food expert, predicts a revolution by underfed Americans. He said:

"The time is rapidly approaching when wealth will face mob violence on the streets. Such a situation will be due to the fast approaching day when workingmen will be deprived of the necessities of life. The workingmen's condition is becoming worse daily."

"Unless something is done to alleviate the distress and unrest, mob violence is bound to come. The unrest sentiment comes from an abhorrence of over-capitalizing of watered stock, the promotion of worthless land schemes, extortions of public utilities by corporations, and dozens of other schemes of defrauding the people. The great vice of the American is insane money worship."

MUCH INTEREST IN NEW OIL PROSPECT BOARD STAND FIRM

Four Capitalists Visiting Fullerton May Have Development Plans

WORK INSIDE THE CITY LIMITS GROWING

City Will be Greatly Benefitted by the Increase of Property Valuation

FULLERTON, Feb. 13.—That the new oil field which has just been opened up inside the city limits of Fullerton has created a great deal of interest among oil men is shown by a party of six capitalists who have been spending the last three or four days in this city. They will give nothing out about their intentions, but they have spent all of their time in looking over the field, and it is safe to say that it is their plan to form a new company to begin operations.

The last three wells which have been put down by the Amalgamated Oil Co. in the first range of hills northeast of this city has created interest in the oil world. The Amalgamated not only has the three producing wells, but has two others which are in oil sand and they are expected to be producers soon.

Besides the Amalgamated, the Union will have twelve wells down inside of six months. By the terms of their lease they must put down twelve every year until 100 have been sunk.

The Industrial Oil Co., in adjoining territory, is also putting down twelve wells in this new section.

This party of capitalists are staying at the Midland Hotel and it is almost certain that they are planning a new company to drill in this new field which lies inside the city limits. The increased valuation inside the city limits will bring in a great deal more revenue to the city, and so the development of this new field means a great deal to the town.

Apricot Men Hear Report of Metzgar in Regard to His Trip East

VISITS GIVE MUCH BETTER UNDERSTANDING

Resolution Passed Shows Confidence in the Association Management

The council chamber of the city hall was comfortably filled with apricot growers yesterday afternoon, in anticipation of hearing the report of Mr. J. C. Metzgar, secretary of the Orange County Dried Fruit Association. The president of the board of directors, A. H. Strutsman, called the meeting to order, and stated the reason for the call. Mr. Metzgar had been sent to the East to investigate conditions, appoint agents, and acquaint the trade with conditions in California.

In his trip the secretary touched upon every large city of importance, going as far as Boston. A number of cities visited are not considered good markets, while others take the bulk of the trade. He succeeded in establishing some of the best men as exclusive representatives for the association in their district. He found that brokers and jobbers keep themselves well posted on California crops, still it was necessary for him to correct certain erroneous impressions. Retailers are practically ignorant.

The chain by which California dried fruit reaches the consumer is represented by the producer, the local buyer, the Pacific Coast packer or broker, his agent in the East, i. e. the Eastern broker, the jobber and the wholesaler, who may be one or two persons as it happens, the salesman, and finally the retailer and then the consumer.

In the association deal the producer puts his fruit directly into the hands of the Eastern broker, and cuts out a few links of the long chain. The biggest profit per pound is made by the retailer, who deals the fruit out in lots of one to three pounds. With present commercial channels of trade the producer cannot reach the consumer by any direct route.

Eastern brokers are entirely friendly to the associations, and were perfectly willing to discuss the situation frankly. They believe that during the next few months the markets would take all the crop that is left. The secretary found practically no supply of apricots in the East, due to the small crop, the comparatively large export, and the high price at which growers are holding, which had cut out the early speculative demand whenever prices are low. Jobbers are supplying themselves only as the actual demand comes from the consumer, and this is from February to nearly June. He found other dried fruits high in price, and compared with these the price on apricots could not be considered high. For early sales, however, the fruit must be sold at early market prices. The dried apricot business has been considered so far as a speculative business. It must be the growers' aim to put it on a solid basis. He found our pack, the Diamond Brand, superior to any he had the opportunity of seeing, and believed that it would sell readily alongside of any other as soon as it became known.

He read a few letters from our Eastern agents in which they urge the association to be firm on prices, since, everything considered, conditions are entirely favorable. One letter stated that there had been more inquiry in the last ten days than there had been in ninety days previous.

Members were called upon to ask questions or give directions to the management. The answers to questions elicited the following information:

"Our association will handle all kinds of dried fruit that our members may have to offer in commercial quantity. The secretary has received repeated inquiries."

"Our pack is regarded as a 'dry' pack, which is preferred by the trade. The difference between this and a 'wet' pack is simply the fact that in processing we do not put in so much water as to make the fruit soggy and quickly spoiled."

"Yes, we look for a central organization to be formed, and other associations are looking the same way. It will be but a question of time when dried fruit men will be thoroughly organized throughout the state."

"The directors started out with the idea of forming a number of pools, but conditions made it impracticable, and the result is that there will be but one pool. The growers

For The Protection Of Valley's Water Supply

Riverside, Calif., Feb. 12, 1912.

Mr. J. P. Baumgartner,
Santa Ana, Calif.

Dear Sir:

Mr. Pinchot in re. cut in appropriation:
Following is a copy of the message received from Washington, D. C., Feb. 4-12.

Francis Cuttle, Riverside, Cal.

House committee has reduced forest service appropriation by over one million dollars for fighting forest fires and preventing them by building trails, roads and telephone lines. I urge your co-operation to get money put back. Telegrams to members of congress from you and organized bodies whose interest you can arouse urgently needed. If this cut stands it means grave danger to life and property. Remember forest fires of nineteen ten.

GIFFORD PINCHOT,

Very truly yours,

FRANCIS CUTTLE, Chairman,
Tri-Counties Reforestation Committee.

The foregoing letter received today, is self-explanatory. The Register commends it to the attention of—
The Santa Ana Chamber of Commerce,
The Merchants & Manufacturers Association of Santa Ana;

The Republican County Central Committee,
The Democratic County Central Committee,
The Progressive Republican League of Orange County,
The Orange County Board of Supervisors;
The Chambers of Commerce of all the cities and towns in Orange County.

To all public spirited citizens,
Get busy. Wire everybody you know in either house of the National Legislature.

We must get that money "put back," as Pinchot says. What with a dry year, the danger from forest fires is greatly increased.

Get busy everybody.

TAFT TO MAKE OFFENSIVE CAMPAIGN IN FUTURE

WASHINGTON, Feb. 13.—Indication that President Taft has inside information that Col. Roosevelt will not be a candidate is seen in his statement today following his return from New York. He said:

"The time has come when the political atmosphere must be cleared. The next four months will be consumed in showing up lies, hypocrisy and misrepresentation. Misrepresentation must be expected and met during a campaign. Democratic confidence is entirely misplaced. It is due to a misunderstanding."

Stung by recent attacks, Taft plainly indicated that the campaign will be offensive as well as defensive. The President told White House callers today that he will "continue to combat misrepresentation of his administration" both within and without the party. He declared that hereafter he intends to make a "direct attack and firm defense" in every speech. He said:

"I am not apologizing for my administration. I am merely meeting attack with attack."

race has not yet been really demonstrated, you will have to crack the whip at every angle and turn in the road to hold a leading position, either with some of those who have not yet entered the ROLL OF HONOR, or with those already entered.

The great race for honors and the handsome prizes offered by the Register is nearly half over when it comes to counting the days that remain, but it is yet in its infancy so far as progress that candidates have made is concerned.

It would be nothing at all impossible for a candidate to enter the Register's contest today or before Saturday night has passed and be the leader of the entire campaign. Therefore it behooves each of you to take the greatest possible advantage of this TRIPLE VOTE OFFER that you can.

Nearly all of you are employed with your house duties or some occupation. If you can get a substi-

tute who can perform your duties for you, do so and finish the TRIPLE VOTE season up with a rush. Put in a little more time, a little more effort than the others and you have WON.

There is nothing so difficult about winning the big E-M-F touring car.

Miss Edith Stearns, Tustin, Cal.

All that you have to do is to be the exceptional one. No one is making any "great killing" with votes. Every one is doing well, but the fact remains that one is doing just about as well as the other.

Just stretch the point a little bit and do something unusual. Make up your mind to give all your attention to the contest from now until the close of the special offer. Call out your army of vote-helpers and don't let anyone pass you up. Then you will be doing something unusual—you will be the exceptional one—and the exceptional one always looks like a winner.

By doing this you put yourself in the way of being the most likely winner of the E-M-F "30" touring car.

Ask some merchant if he would

be willing to do some hustling for a matter of four or five days, to increase the profits of his business FOURTEEN HUNDRED DOLLARS?

In other words, we mean that exceptional hustling on your part during the next five days would come pretty near landing the \$1400.00 machine for you.

Is it worth the effort?

Statement By Governors

"Momentous questions are pressing for solution. What the country is seeking is justice between man and man. It wants equality of justice safeguarded by adequate law.

"A principle is of no avail without a man; a cause is lost without a leader. It is our opinion that this is the sentiment of the people in the states we represent.

"It is nothing to us that Theodore Roosevelt is not a candidate for the Republican nomination. We believe that the people have decided to make him their candidate. It is for the people to determine who shall be their leader irrespective of the wishes of the citizens selected.

Satisfied He Will Not Refuse

"Knowing the high sense of public duty with which Colonel Roosevelt is imbued, we are satisfied that he will not refuse to heed the call of the people; that he will, if nominated, accept the nomination, and if elected, will discharge the duties of the chief magistrate with the same faithfulness and consideration of the interests of all the people and display the same rugged courage, and will apply the well known doctrine of the square deal that his past record indicates."

GRANTED PATENT ON A DUST COLLECTOR

A Riverside has invented an apparatus for taking care of factory smoke and dust that is of interest in Southern California at this time, owing to the dilemma in which the cement companies find themselves because of the damage citrus orchards sustain from the dust.

Arthur Gowder has received word through his attorney, M. Estradillo, to the effect that his application for a patent for a smoke purifier and dust collector has been granted. Mr. Gowder was formerly in the employ of the Riverside-Portland Cement Company, and has been at work for some time on a device designed to take care of smoke and dust.

A HEALTHY, HAPPY OLD AGE

May be promoted by those who gently cleanse the system, now and then, when in need of a laxative remedy, by taking a desertspoonful of the ever refreshing, wholesome and truly beneficial Syrup of Figs and Elixir of Senna, which is the only family laxative generally approved by the most eminent physicians, because it acts in a natural, strengthening way and warms and tones up the internal organs without weakening them. It is equally beneficial for the very young and the middle aged, as it is always efficient and free from all harmful ingredients. To get its beneficial effects it is always necessary to buy the genuine, bearing the name of the Company—California Fig Syrup Co.—plainly printed on the front of every package.

MME. NORDICA IS ILL WITH NEURITIS

Siezed With Sudden Illness on the Eve of Singing in Wagner Jubilee

BOSTON, Feb. 13.—Stricken with acute neuritis and racked with pain, Madame Lillian Nordica laid in her hotel last night, in a serious condition. Last evening Madame Nordica was to have appeared as "Isolda" in the opening performance of a great Wagnerian jubilee arranged by Dr. Russell of the Boston Opera House, who also induced the great German conductor, Felix Weingartner, and Jacques Urif, the famous Baureuth tenor, to make a special trip to this country to take part in the jubilee. Her physicians last night would not admit finding symptoms of paralytic or apoplectic shock, and while they were non-committal as to the real cause of the illness, it was generally given out that the famous singer was suffering from neuritis, which had affected both her arms.

FIGURES SUSTAIN TAFT

In one of President Taft's Ohio speeches he said that recent Democratic congressional victories were not brought about by an increased Democratic vote, but by a decreased Republican vote due to the large number of Republicans who stayed away from the polls. The Burlington Hawk-Eye publishes a table comparing the election returns of 1908 and 1910 which confirms the president's statement. It gives the following list, comprising a dozen states, taken alphabetically, as illustrative of the nationwide falling off in the Republican vote two years ago, when a Democratic house and a number of Democratic governors and state legislatures were elected:

	1908.	1910.
California	214,938	177,191
Colorado	123,700	97,648
Connecticut	112,915	73,495
Delaware	25,914	21,686
Illinois	629,929	436,484
Indiana	348,093	287,568
Iowa	275,210	205,678
Kansas	197,216	162,181
Kentucky	235,711	195,436
Michigan	335,589	292,863
Maryland	116,513	106,392
Minnesota	195,843	164,185

The president expresses the belief that the interest due to a presidential campaign will bring out the full Republican vote in November and that four more years of Republican rule will be assured.

ROOSEVELT LANDSLIDE

The Riverside Press is conducting a presidential preference primary in its columns, and on Saturday night the vote stood:

First Choice	
Theodore Roosevelt	282
William H. Taft	78
Senator La Follette	18
James R. Garfield	1
Senator Cummins	1
Frank J. Hanly	1
Second Choice	
Senator La Follette	128
Theodore Roosevelt	101
William H. Taft	61
Senator Cummins	12
Governor Johnson	19
Senator Beveridge	4
James A. Garfield	4
W. J. Bryan	3
Woodrow Wilson	3
Judge Hughes	2
William R. Hearst	2
Senator Warren	1
Total First and Second Choice	
Roosevelt	383
La Follette	141
Taft	135

One of the interesting features in the returns noted by the Press was the solid vote of two families for Roosevelt, both for first and second choice. In one case six votes were cast and in the other five, making in those two families 11 solid votes for Roosevelt.

Sometimes the family vote, however, is split up, the husband favoring one candidate and the wife another.

The Register is still receiving returns showing a continuation of the Roosevelt landslide. Since the figures published last Friday the returns show Roosevelt as first choice 20, as second choice 8; La Follette as first choice 6, as second choice 6; Taft as first choice 2.

FEET OF "CLAY"

The pun or play upon words contained in his heading makes itself. It is almost unavoidable and therefore ought to be altogether forgivable.

The incident here related is not a propos of anything in particular nor mentally or otherwise allusive to anybody. Nor do we vouch for the truth of the story, although it is apparently well authenticated and comes from no less nor more reliable a source than the Popular Magazine.

One winter morning Henry Clay, finding himself in need of money, went to the Riggs Bank and asked for the loan of \$250 on his personal note. He was told that while his credit was perfectly good, it was the inflexible rule of the bank to require an indorser. The great statesman hunted up Daniel Webster and asked him to indorse the note.

"With pleasure," said Webster. "But I need some money myself. Why not make your note for five hundred, and you and I will split it?"

This they did. And today the note is in the Riggs Bank—unpaid.

The Ethical Side of Co-Operation

The financial benefit resulting from co-operation appeals to the co-operator primarily. To solve the bread and butter question is with him the dominant issue. But there is a moral or ethical side to it also, which ought to appeal strongly to the person with religious inclinations. And this phase of it I wish to point out, and make my appeal to the person of ethical tendencies to join himself to those who are seeking, oftentimes by sacrifice of much of their time, to accomplish things for the "common good."

Let us admit that the instinct of self-preservation becomes the most powerful law of life. Is it to crowd out every other consideration that enters into the life of social beings? Certainly not. The law of co-operation is the law of the "common good." It is a law which is being recognized more and more in every day life among civilized people. And it is true that to seek the "common good" does not necessarily imply that the individual must forego his own good. When an individual seeks only the enrichment of himself, without reference to the effect on his neighbor, we call him a self-seeker and hold him in contempt. Too much of the self-seeking spirit still prevails, but on the other hand the social spirit of working together for the good of all is gaining every day. Co-operative organizations are multiplying on every hand. This century will be known for the co-operation it has called into being.

Every new start has its difficulties, and the start of a co-operative organization is no exception. It is looked upon with suspicion by the very people whom it is intended to help. It fails at times because of the inexperience of those who started it, or because it could not enlist enough co-operators to give it a fair start. And every such failure will be pointed out with glee by those who do not understand the spirit of co-operation. However, there can be pointed out so many successful efforts by this time, that make it impossible for anyone to deny the great benefit that has resulted on the whole. President Wheeler is quoted as saying: "Co-operation has made Southern California great."

A gentleman said to me: "The association is holding up the umbrella for the whole bunch." This is true. Every grower, outside and in, is benefited. If the association drops the umbrella, the whole bunch is again out in the rain. Now, is it fair that one-half of the growers should hold up the umbrella for the other half? No fair-minded grower can stay on the outside without wronging his neighbor who is holding up the umbrella for him. It is his moral duty to get in and help to hold up the umbrella that protects him. Therefore, I say co-operation has an ethical and a moral side to it which cannot be ignored. Our co-operative organizations are an education up to that larger degree of co-operation to which our civilization is tending. And everyone should be eager to help and not to hinder. Every grower should join the organization of his class. The apricot grower will join the apricot growers, the bean grower will join the bean growers, and so on down the line. Every new member who joins strengthens the union, and makes himself deserving of the benefit that accrues to him from the efforts of the organization. Co-operation exemplifies the spirit of true democracy and since our national life is built upon the idea of democracy, we shall foster this spirit if we foster co-operation.

In Answer to Dr. Doyle
Santa Ana, Cal., Feb. 13, 1912.
Mr. Editor, I note that Dr. J. F. Doyle, a tenderfoot of Santa Ana, has addressed a communication to the City Trustees, requesting them to remove the seats that the P. E. has provided for the accommodation of passengers, who have to wait for their cars, and said it was the means of collecting a lot of hoboes and loafers on Fourth and Main, where the street cars turn.

I am one of the old soldiers that has the rheumatism so bad that I can not stand on my feet any length of time and I am not the only one who is glad to make use of those seats, while waiting for cars.

I would suggest that the city provide several more seats on the corner of Fourth and Main for the accommodation of passengers on the Orange cars, for I have seen a crowd there many a time that had to stand. I am simply writing this for the benefit of the public and would advise our tenderfoot to think before he speaks.

Very truly yours,
J. A. JACKSON.

will be paid in dividends of which the first will be sent out as soon as possible. Expenses, losses, and gains will be shared equally by members pro rata on their fruit. There can or will be no favoritism or preference."

A resolution was offered: "Resolved, That this association cordially endorses the management of our board of directors and confidently approve their plans and methods of proceeding both in the past and for the future, so far as made known to us members; urges them to stand firm by prices quoted and to be prepared to advance rather than lower them; and hereby expresses its unanimous appreciation of their services and its sincere thanks therefore."

This was adopted by an enthusiastic vote, the only dissenting vote basing its objection on the plea that by this motion the board would be deprived of liberty to use its best judgment at any time. There was no such intention in the mind of the mover, and the members of the board did not understand the wording of the resolution to have that intention or that effect.

One member urged that the drought, if continued, would be likely to cut short the coming season's crop very much. One of the directors gave a brief history of the development of the association, pointed out the benefit that has already come to the members and all other apricot growers, urged the necessity of enlarging the membership in order to enlarge the benefits. "The association is holding up the umbrella for the whole bunch. It is but fair that the outsiders should come in and help hold up the umbrella. Let the members persuade their neighbors to do the fair thing, join the association and thus help to strengthen the union of apricot growers."

Soft Molasses Cookies

(Recipe by Mrs. Mary J. Lincoln)

The children—and the grown-ups, too—will enjoy these cookies. Try some next baking day.

Sift one cup molasses, pour it over one-fourth cup Cottolene, add one-half cup sugar, one-half level teaspoon salt, and one level tablespoon ginger, or a mixture of other spices if preferred. Dissolve one-half level teaspoon soda in one-fourth cup cold water, add to the cooled molasses, then stir in from three to four cups flour, making a soft dough to drop and spread in a pan, or a stiff dough to be rolled and cut. Bake in moderate oven.

The use of Cottolene as a shortening insures cooking that is both palatable and easy to digest.

"A HEART-Y PARTY"

Lloyd Babbitt Honoree of Jolly Valentine Party Given for His Birthday

A very merry valentine event was given last night for Mr. Lloyd Babbitt in honor of his birthday, the hostesses being his wife and his mother, Mrs. J. W. Babbitt, the affair being held at the J. W. Babbitt home, 320 Cypress avenue. The ladies named the function a "Heart-Y Party," and appropriate to the clever title were the decorations of red and white hearts and red and white carnations that were used in decorating all the rooms.

Interest was keen in the jolly valentine games and the clever guessing contests that with music caused the evening hours to fly most swiftly. The honoree was the recipient of many handsome and expensive gifts from relatives and friends.

A two-course collation consisting of salad and wafers, salted almonds, pineapple sherbet, assorted varieties of cake, heart shaped tarts, and after-dinner mints, was served by the hostesses, closing what was a delightful evening.

Besides Mr. and Mrs. J. W. Babbitt and Mr. and Mrs. Lloyd Babbitt there were present Mr. and Mrs. Haver of Fullerton, Messrs. and Mesdames H. H. Allen, Hugh Hill, S. L. Smith, Misses Myrtle and Ethel Wilson, Adeline Mitchell, LaRue Fipps, Leora Buchanan, Fern Smith, Messrs. Floyd Geyer, Claude S. Waggener, E. D. Lucas, L. Neely, Chalton Watters and J. H. Babbitt.

Pretty Party

On Friday evening last, Helen Avery entertained about twenty-five of her schoolmates with a valentine party at her home on North Main street.

The rooms of the spacious home were decorated in the season's colors, hearts being used in abundance. The evening was spent happily in various games and at 10:30 o'clock, a two-course supper was served, hearts again being a dominant feature.

Mite Box Opening

The Woman's Missionary Society of the First Presbyterian church will hold the annual mite-box opening meeting tomorrow afternoon at the home of Mrs. P. R. Reynolds, 720 Bush street. Mrs. Van Meter of Los Angeles, will address the ladies.

This is expected to be an especially good meeting and all the ladies of the congregation are cordially invited to be present.

A social time will follow the more serious part of the meeting.

Somehow we feel disposed to be generous in our support of the movement to establish a local Y. M. C. A. Our previous acquaintance with Y. M. C. A. work, with all its beneficent influences for spiritual, moral, social and physical betterment, probably account for this strong desire to help boost for the local organization.

Don't you want to help too? We are going to give you a chance, only we are going to fix it so it won't cost you anything. On the contrary we are going to reward you for doing it. Here is the proposition:

To the first five people, never having studied in the Conservatory, who will pay ten dollars (\$10.00) to Mr. J. G. Morrow, financial secretary of the local Y. M. C. A., getting receipt for same, we will give absolutely free twelve dollars (\$12.00) worth of tuition in the Piano or Voice departments of the Conservatory.

Here's your chance to get twelve dollars for ten dollars and at the same time boost the best local cause we know of. Better hurry! Main 214.

AT THE RICE HOME

Reception and Supper for Rev. W. H. Wotton and Family Last Evening

A delightfully informal affair was the reception given last evening at the Tustin home of Mr. and Mrs. Jas. S. Rice for Rev. and Mrs. W. H. Wotton, Mr. Tom Wotton and Miss Margaret Wotton, who soon leave for their new home in South Pasadena where Mr. Wotton will be rector of St. James' church. Considerably more than half a hundred friends assembled at the hospitable Rice home, which, owing to the ill health of its mistress, has been unworriedly quiet for the past few months.

No set program had been arranged for last evening, but the cheerful hum of conversation was varied by music, Mr. Wotton and Mrs. Rice singing a duet, and Mrs. Rice in solo, the hostess yielding to a general desire for "The Rosary," and "Sweet Miss Mary" in lighter vein. Others entertaining the company with musical numbers were Tom Wotton, who played "The Angels Serenade," most beautifully on the violin; James Willis Rice in two or three pleasing violin solos; Miss Kassa Bailey in a charming piano number playing later with Mrs. Padgham in a piano duet, and Percy Rice in melodious vocal selections.

The reception was preceded by a six o'clock supper at which the Wottons were guests of honor, the other guests being close friends of the family. These were Dr. and Miss Boyd, Dr. and Mrs. P. R. Reynolds, James Irvine and Mr. Brester, Mr. and Mrs. A. J. Padgham and Miss Stella Preble. Yellow acacias were used in decorations.

Ebell Music Section

The Music Section of the Ebell met yesterday afternoon at the home of Mrs. H. G. Hull. The attendance was good, and the program, which was in the charge of Miss Mary Wakeham, was an excellent one. McDowell was the subject.

The following program was rendered: Piano duet, "Hamlet," Mrs. Ray Stedman and Miss Velda Meldock. Paper on "Life of McDowell," Mrs. Addison Cole.

Two piano solos, "To the Sea" and "Song," from "Sea Pieces," Miss Jennie McFadden.

Song, "Thy Beaming Eyes," Miss Mary Wakeham.

Two songs, "Long Ago, A Sweetheart Mine," and "Swan Bent Low to the Lillies," Mrs. Carl Stock.

Piano selection, "A Scotch Poem," Miss Kassa Bailey.

Piano solo, "Moonshine," Miss Higgins.

Songs, "Pansy" and "Clover," Miss Etta Deardoff.

Three piano numbers from "Woodman Sketches," "To a Wild Rose," "The Distributed Farm" and "To the Indian Lodge," Miss Isabel Anderson.

Entertained for Friends

Miss Mary Wright, of 831 G street, entertained last evening in honor of three young ladies, who are soon to leave for Mexico. They are Misses Mabel Burr, Lilla Newton and Flora Skelley.

The evening was pleasantly passed with music and conversation. There were about twenty present.

ROYALTIES FOR JANUARY \$4500

Anaheim Union Water Co. Oil
Checks Will Come Regularly and Sizeable

THREE WELLS AND ANOTHER COMING

Water Stock Has Gone up
From \$50 a Share to \$150
and End Not Yet

ANAHEIM, Feb. 13.—The Anaheim Union Water Co. yesterday received its royalties for its oil properties from the Amalgamated Oil Co. and for the month of January the amount was \$4500. This sum for the month of January is over half of what has been received by the company in the last year for royalties, the amount received in the last year was \$8400. Needless to say from now on, the royalties promise to be monthly not only as much as the January check, but even more.

It has been just about a year since oil was first discovered on the company's holdings. At present there are three wells producing, and it was the last well from which so much oil has been taken, and which is bringing in the profits to the water company.

A fourth well is now being sunk, and it is in oil bearing sand. If the

Amalgamated company cared to put in a pump now, much oil could be secured, but it believes it to be to its advantage to go deeper, hoping to get a flowing well. The oil land of the water company is leased by the Amalgamated Oil Co.

The water company is now constructing a 4-inch pipe line from its properties to Placentia. Since the discovery of oil in the water company's holdings the value of the water stock has trebled in value. About a year ago stock sold for \$50 a share, while lately stock has been known to have sold for \$150. This speculative feature in the water company's stock is said to have created a little hardship on people who desire the water stock for irrigation purposes, and at the company's last annual meeting there was some talk of separating the oil and water business. This matter was not acted upon officially at that time, however, and now it will not be taken up until the next annual meeting. It was feared by some that some promoter might get control of the stock, and so freeze the present owners out.

MOOSE CARNIVAL BRINGS SUM OF \$100

ANAHEIM, Feb. 13.—Under the auspices of the Moose, the Carnival Company which closed its engagement in Anaheim Saturday night netted that order close to \$100. The money will be used in making the club rooms more attractive to the members.

Although the crowds were not very large at the first of the week, there were fully six or seven hundred people in the opera house building Saturday night, and every one enjoyed themselves very much. The committee in charge for the Moose, were: Earl Dutton, A. Valjean, and A. G. Flagg.

EAGLES FEEL GOOD OVER THEIR PLANS

ANAHEIM, Feb. 13.—The Anaheim Aerie 947 purchased the old Benner-scheidt property on the corner of Lemon and Chestnut, there is 95 feet frontage on Lemon and 120 on Chestnut. The property will eventually be remodeled and will be made into the permanent home of the Eagles. The plans are to make the upper story into a hall for meetings, while the first floor will be for club rooms, and banquet hall. This property is one of the best bargains in town, and the local aerie feels good over their purchase.

Now that the local aerie has secured a new home, a special effort will be made to secure more members. The lodge is the strongest financially of any lodge in existence in proportion to its size and the assertion is made that any young man on investigation will readily appreciate benefits which membership in the Eagles would give.

ANAHEIM FIREMEN GIVE BALL ON 22ND

ANAHEIM, Feb. 13.—On the evening of Washington's birthday, the firemen of the city will give their annual ball in the opera house building. This event has come to be looked forward to by every one in Anaheim, for Anaheim people not only enjoy the balls given by the fire boys, but they also appreciate their work. An admission of one dollar will be charged, and this will go into the treasury.

DEBATERS PREPARE FOR NEXT CONTEST

ANAHEIM, Feb. 13.—The debaters of the Anaheim Union High School are preparing for their next debate in Southern California League which is to be with South Pasadena. The subject has not been chosen as yet, but the two submitted, were: "Resolved, That recall of the Judiciary is a wise step," and "Resolved, That the U. S. Government should subsidize her merchant marine."

NEW HOSPITAL AT FULLERTON

Board of Directors Will Put up
a Fine New \$25,000
Institution

FULLERTON, Feb. 13.—The board of directors of the Fullerton Hospital is contemplating the erection of a new hospital at a cost of about \$25,000. The hospital, which has been in operation here for over ten years, has proved entirely inadequate to care for the increased demand for a first-class hospital. With the increase in oil business so near the city, and the accidents which necessarily accompany this work, a new hospital is demanded.

The prospective hospital is planned to be located on the old site at the corner of America and Pomona avenues. It will be of reinforced concrete, and fireproof in every way. Everything about the hospital will be of the latest make, and installed for the convenience in taking care of the patients.

It is expected that the old hospital will be sold.

NUMEROUS SALES IN LAST FEW DAYS

FULLERTON, Feb. 13.—The Amerige Bros. have reported the following sales for the last few days: The Russell place on Orangeflower avenue has been sold to J. M. Callan of Los Angeles, and he, with his family, will move on the place some time this month, and will make this their future home.

The ranch, which consists of 20 acres set to oranges and walnuts, was sold for \$25,000. There is also a very nice bungalow.

They have sold a house and lot on West Jefferson street in Los Angeles to Mrs. Susan Russell and she and her family will make that their future home.

FULLERTON SOCIAL NOTES
FULLERTON, Feb. 13.—Mrs. G. H. Amerige entertains the Fullerton Whist Club today in Los Angeles. After luncheon the afternoon will be spent with cards.

The P. E. O. Society will give the B. I. L. a reception and dinner a week from Friday night in the Masonic Hall.

Miss Nancy Gregg, a resident of Fullerton, is expected to leave soon for Germany, where she will make her future home. She has sold out her interests in this city. Miss Gregg has been a resident of Fullerton for twenty years, and her many friends will regret to lose her.

Geo. Key, of Delhi, Ont., who has been visiting Pinkham friends, returned today.

Mr. and Mrs. Wm. McGregor and Miss Anna Key returned home to Westphalia, Kansas, also friends of the Pinkhams.

Harry Hoben, one of Stern & Goodman's clerks, of Olinda, started today for Hardinsburg, Ky., on account of his mother's illness.

LOS ANGELES PRODUCE MARKET

The country demand for hay continues to be much more active than in the city. There is a strong market for choice wheat hay for local consumers, but very little of this quality is coming into the city. With the continued dry spell, indications are that the market on all grades will soar.

It was rather an off day on the local produce markets. Trading along some lines was active, but the market generally showed little change over Saturday, as far as quotations were concerned.

Eggs of all grades were unchanged in prices. The market was firm at the old range of figures. Case counts were in best call at 25 cents per dozen. Receipts were 433 cases.

Butter was steady. All grades moved out slowly at quoted prices. Creamery extra was in fair demand. Arrivals were 18,491 pounds.

The cheese market was firmer, but unchanged. There was a heavy call for northern fresh at 18½ cents. Receipts were 1205 pounds.

The potato situation was unchanged over last week. There was a good outlet for choice Highland spuds at the outside range of prices. Oregon potatoes were only in light call. Long pines and Salinas were firmly upheld. Receipts were 2730 sacks.

The onion market continued firm at \$3 on yellow danvers, Australian browns, Nevada and Oregon varieties. White was onions were held at \$3.50 per hundredweight. Arrivals were 30 sacks.

No bean arrivals were reported in the market was firm on all varieties. Pinkies were best in call.

The sweet potato market showed little activity. The market was inclined to drag. Receipts were 271 sacks.

There was a good market for Colorado winesap apples, as a consequence the market on this variety was advanced 25 cents a box, selling at \$2.75. Other apples moved out slowly at quoted prices.

DEMANDS \$200
FOR HIS LOSS

Kohler Wants Pacific Electric
to Pay for Dead Horse and
Wrecked Wagon

As the result of the collision of a Pacific Electric car with a milk wagon on Jan. 1, a suit was begun in the justice's court today by J. S. Kohler against the Pacific Electric for \$200. The complaint was filed by Attorneys C. A. Kingston and Clyde Bishop.

The plaintiff alleges that he was driving from Olive street onto West Fourth when the car of the defendant, through the carelessness of those in charge of the car, struck Kohler's outfit and killed his horse and wrecked his wagon.

Vagrancy Charges
Justice Cox had a number of men charged with vagrancy before him today. Three of them, giving the names James Clunker, John O'Brien and John Calahan, were sent to jail for ten days each. These men were wandering about town saying they were looking for jobs painting flagpoles.

Two Mexicans named Gomez and Lopez were sent to jail for ten days. They had piled up railroad ties and were making their home in the shelter.

Dexter Troy, a British sailor, pleaded not guilty, but was tried and found guilty. He declared he would take his troubles to the British consul, but said "thank you, sir," when the justice suspended sentence and told him to go to San Pedro and get aboard a boat.

Bicycle Trickery
J. J. McKone was sent to jail. He hid a bicycle under a warehouse on the railroad reservations, and then attempted to get a reward for finding it. Constables Jackson and Ward in investigating, found part of the man's story to be false. While serving time for vagrancy his record will be looked up.

AT THE COURT HOUSE

LATITUDE IS
GRANTED THEM

Three Schools of the County
given Chance to Meet
Local Conditions

The county board of education has passed a resolution allowing the teachers of the Yorba, Peralta and San Juan Capistrano schools more latitude in the teaching of the children of those schools. Hitherto the teachers have found it difficult to stick to the county schedule, owing to the fact that many of the pupils have a superficial knowledge of the English language. County Superintendent of Schools Mitchell made the recommendation that the latitude be given.

The county school board has granted a special certificate to Miss Mary Ely to teach music in the elementary schools of Santa Ana. Miss Ely has held a kindergarten certificate, but was recently put in charge of the music of the lower grades. The special certificate was granted on a diploma from the Oberlin Conservatory of Music.

A special certificate to teach manual training in high school was granted Daniel H. Reamy of Los Angeles.

Two teachers of the county were recommended to the state board for life certificates. One was Rollin A. Marsden in manual training. He taught in Wisconsin three years and at Fullerton, where he now is in the high school, for three years. The other was Miss Flora Hollway, for the last three years at Loara school. She taught two years in Iowa and two in Washington. She is recommended for a grammar life certificate.

Again on Trial
Judge Crow of Santa Barbara is today trying the case of Lusted against Wickertschheim. Judge West tried the case once, but before entering judgment ordered a new trial, after stating that he had received a letter from one of the litigants that caused him to take that action. The suit concerns an automobile deal.

Petition for Letters
B. F. Townsend has petitioned for letters of administration on the estate of his wife, Anna E., who died on Jan. 25, leaving an estate valued at \$2970. H. C. Head is attorney for the petitioner.

Abstract of Judgment
Abstract of judgment was filed with the county clerk today showing judgment for \$37 in favor of Charles Linchberger and against Pete Epton.

Terminate Interest
Walter L. Thales, for himself and William Weiderhold, has petitioned the superior court for an order showing that the interest of George R. Hinde, in property at Piacenta worth \$7000 is terminated as the result of Hinde's death on Sept. 16.

Paul Brown, Jr., 28, of Los Angeles, and Bess Masterson, 22, of San Diego; Alexander Hanson, 28, and Leila C. Halvorsen, 29, both of Los Angeles.

Answers Filed
An answer was filed today by Attorneys Heathman and Williams & Ruten for the Santa Ana Board of Education in the suit brought by the Machinery & Electrical Company of Los Angeles to collect \$1426 on the plaintiff's contract to install a heating and ventilating plant in the Jefferson School of this city. The board's answer is to the effect that the plaintiff did not install a plant according to contract, and the board was compelled to take out part of the plaintiff's plant and put in a new one at a cost of \$655.

Williams and Ruten filed answers to two suits brought by James A. and Orlina M. Lake of Huntington Beach against W. A. Patterson of Huntington Beach. The complaints allege that the horse of the plaintiff became frightened at night at wagon street, the horse running away and throwing the woman out, badly injuring her. The answer alleges that responsibility is entirely with the plaintiffs because they were careless in driving their horse.

"Alma Where Do You
Live? at Grand Feb. 15

The great essential in the composite success of "Alma, Where Do You Live?" is the music of Jean Brigue. This popular Parisian composer has set a pace for the American songsmith which has been found hard to follow. Joe Weber, who will present this spicy German-French farce for the first time here in English at the Grand Opera House, Feb. 15th, realized this when he secured the American rights to the play. The first thing that he did was to restore the entire original score of Jean Brigue.

When "Alma" is heard here we are promised fourteen of the most fascinating musical numbers ever offered the public. In addition to the now familiar waltz song "Alma," there will be "Gilles," "Never More," "Boo Hoo-Hoo," "Childhood Days," "Boogie Woogie," "The Land of Beautiful Dreams," "Sail Home," "Kiss Me, My Love," and "Love Me."

The English lyrics of all of these songs are by the well known humorist George V. Hobart.

AMUSEMENTS

At the Temple, a Court Violinist Raul Pereira, the eminent violinist to the court of Portugal, has been secured, with his own original company of high instrumentalists, as a feature number for the great Mission play to be given at the old Mission of San Gabriel in the near future. This fact alone stamps Raul Pereira and his company as artists of ability, as none but those of note will be engaged for this big production.

The lovers of real music in Santa Ana will have the opportunity of hearing these wonderful artists in one grand concert tonight, at the Temple Theater, and to miss it is to miss the treat of the musical season. Opening number tonight at 8:15. Doors open at 7:30.

The Skating Fad
The growing popularity of this athletic amusement is evidenced by the nightly augmented throngs taking on the frisky little rollers, at the rink in old Armory Hall, 204½ East Fourth street. The good order and service maintained imports confidence to the timid, and conviction to the participants that this fascinating pastime can be operated acceptably to the most fastidious.

WALNUT MEN
GET QUORUM

Eighty-Seven Members of Association Present at Meeting This Afternoon

For the first time since 1909, a quorum was today secured for an annual meeting of the Santa Ana Valley Walnut Growers Association. Eighty-seven members were present. John Cubbon, the president, presided.

Cubbon opened the meeting with a review of the history of the fixing of the price at fourteen cents, stating that Whittier and another association made a fight for fifteen cents, but that the Santa Ana association voted for fourteen cents rather than for fifteen. He stated that the general association of the state had appointed a committee of five, of which he is one, to sell the remainder of the crop. That committee had given its word to the brokers that nothing less than thirteen cents would be accepted. This was done to protect the brokers who feared that should they buy at thirteen cents another reduction would be made.

MOVING PICTURES
TAKEN BY AVIATOR
IN FULL FLIGHT

NEW YORK, Feb. 13.—Frank Coffyn, aviator, who last week demonstrated the success of the hydro-aeroplane here, made a more daring flight over the harbor yesterday. He was accompanied by Adrian Duff, who carried a moving picture machine and obtained the first moving pictures taken from an aeroplane in full flight.

Coffyn and Duff started from the water near the Battery and after skimming the water for 300 yards rose in a circular course above the Statue of Liberty. From there the flight was made across the upper bay over the funnels of incoming steamers and around the shores of Staten Island, coming back over the Statue of Liberty. The landing was made easily within a few yards of the starting point, after covering a distance estimated to be fifteen miles in as many minutes.

BADGERS AND GOPHERS PICNICED YESTERDAY

Los Angeles Examiner: Nearly 5000 former residents of Minnesota attended the annual picnic of the Minnesota Gopher Club in Eastlake Park yesterday, and more than 3000 men, women and children who used to live in Wisconsin enjoyed the Lincoln Day picnic of the Wisconsin State Society and the California Badger Club in Sycamore Grove.

There were no snow drifts nor heaps of ice and snow that had been shoveled off the walks; there was no ice on the benches and picnic tables, and no icicles hanging from boughs of trees and eaves of park buildings.
